From the Director’s Chair
John Newbauer, Chapter Director

Well, spring is here (pollen and all) and we are starting to see more bikes on the road running hither and yon looking for the perfect road with the perfect curves. Some have been riding all winter, but others have become rather “rusty” over a long, cold layover and it shows in their riding as they: force their bikes roughly through corners, fail to keep to their track in the lane and seem oblivious to their surroundings. Some of this is just a function of mental preparedness while some of the other problems can be solved with an MSF class or maybe some parking lot practice ... maybe we can all use some of that.

Spring Thaw: this year we had some beautiful weather, a great turnout and a new location; there was plenty of good food, deserts galore and smiles all around. We hope to return to Browne Park again next year with the biggest and best event yet. I want to thank the Chapter and staff for a great job making this such a successful event ... kudos. And thanks to all the Chapters who attended to enjoy a day of fellowship and fun.

There are a lot of Chapter rides on the schedule and, I’m sure some awesome days coming up that will be just begging you to get out and ride ... do it! Get out and smell the wild roses and honeysuckle, the fresh mowed hay – stop at an old store on a back road somewhere and have a pop and visit with the locals – enjoy it while you can.

See ya on the road ♠
From the Assistants View
Susan Berry, Assistant Chapter Director

You know I never thought time passed so quickly, but now that I have to write an article for the newsletter every month I see how quickly it passes.

I was thinking this week about how many people ask me why I ride a motorcycle....I can come up with lots of reasons, to visit family and friends, to go to work, to ride with the Patriot Guard and welcome home our troops, to ride with the Patriot Guard to honor those who have made the ultimate sacrifice.

I am sure all of us have reasons we have for riding, my best reason is that I have made friends for life within GWRRA and I know that I can be friends with each and every one of these friends even if I did not ride a motorcycle. To share the common bond of loving to ride a motorcycle is something that won’t ever change as we get older. We will always remember the “good rides” the “rides of a lifetime” and the friends we will take and have taken those rides with.

So as this year’s “riding” season gets underway challenge yourself to help a “new” rider, a “new” GWRRA member and help them make their own memories.

We did the Tour de Cure today and I don’t know about you guys and gals but that 100 mile is a killer on a motorcycle. I cannot imagine what it is like on a bicycle and I take my hat off to them for doing it and raising money for such a good cause.

Hope to see you all on the first ice cream ride of the season May 6\textsuperscript{th} (rain or shine).

Susan ♠

Motorcycle Safety
Dave Huey, Chapter Educator

Newsletter time again already, where does the time slip away to? Riding season is almost officially upon us and it is going to be busy.

It is the top of the riding season and rally season. Don’t be foolish and start out on almost worn out tires to get a good deal at a rally. We only have 2 wheels on the ground and believe me you want them to be good ones. I personally have experienced 2 rear tire failures and it is no picnic. My failures were a puncture and a tread separation that were unforeseen but quite a thrilling ride. Believe me you don’t want this to happen to you if it can be avoided.

I know we always talk about pre-ride checks but don’t get lazy and stop doing them. You know the old saying ‘the life you save might be your own’. I can’t emphasize that enough. We choose to ride motorcycles and I wouldn’t give it up for anything but it requires us to be more aware of all things around us.

Spring Thaw was great this year with good weather and a wonderful crowd. Thanks to all who helped make this a success for the chapter.

The 1st bike clinic for the year was a great success as always. Even with the questionable weather several rode out to have work done. We got all of the work accomplished and then did what we do best, sat around and enjoyed the day and each other’s company. It is always a good time even if not much bike work happens.

The first Ice Cream ride of the season is upon us. No one will want to miss out on going to Dairy Queen for that first cone, blizzard, shake, sundae or banana split. Doesn’t that just whet your appetite to come out and join us?

Don’t forget we will have a Rider Ed day with probably 4 seminars: Co-Rider, Team Riding, Motorist Awareness and 1 more. Book the date May 17th 9:00 AM at Dave & Donna’s house. The Chapter will be providing lunch, so come on out I’m sure we will have a good time.

That is it for now, be careful out there folks we want to see you again real soon.

Dave ♠
Notes from your MEPC  
Sharyn Sullinger, Chapter MEPC

Well here we go again trying to win everyone over with my outstanding writing skills. I’m told that my main focus should be the FUN part. Dave Huey gets the safety and education parts. I’m all for FUN and writing articles is not in that area, but it’s going to get my best shot.

Some of you say, “What does MEPC mean?”

M is for membership, being part of a group (of FUN people) sharing a common goal – motorcycling.

E is for enhancement. We want to increase (enhance) the value of being a member of a group (and yes, again, we do this by having fun). The goal is to do things that you want to do. This is your chapter and your suggestions are of utmost importance. Tell me what you like, don’t like and how you feel things can be improved upon.

P is for Program. GWRRA has a multitude of programs to promote safety and education and it’s all FUN, FUN, FUN. (I’m starting to like this). There is Couple of the Year, Chapter of Year, Special Interest Groups, Newsletters, and FUN activities. All are ways to promote camaraderie among the members.

C is for Coordinator. Do not confuse this with coordination of which most of you know I have none. Things just have to be put in some meaningful order to provide the best opportunity to get what you want for the Chapter, starting with FUN.

So, you see, we are all MEPCs. I need your help and input to be successful in maintaining our standing as the best and most FUN GWRRA Chapter ever.

Sharyn F. (for FUN) Sullinger  
VA Chapter C MEPC ♠
A Reason to Smile

My wife said "Watcha doin' today?"
I said "Nothing"
She said, "You did that yesterday"
I said "I wasn't finished."

I went to the doctor
with fluid on the knee
and he said "You're not aiming straight"

THE YOUNG SHARE THEIR VIEW ON MARRIAGE
Submitted by Deborah Morris, Chapter Member

You’ve got to find somebody who likes the same stuff. Like, if you like sports, she should like it that you like sports, and she should keep the chips and dip coming – Alan, age 10

No person really decides before they grow up who they’re going to marry. God decides it all way before, and you get to find out later who you’re stuck with. – Kristen, age 10

WHAT IS THE RIGHT AGE TO GET MARRIED?

Twenty-three is the best age because you know the person FOREVER by then. – Camille, age 10

HOW CAN A STRANGER TELL IF TWO PEOPLE ARE MARRIED?

You might have to guess, based on whether they seem to be yelling at the same kids. – Derrick, age 8

WHAT DO YOU THINK YOUR MOM AND DAD HAVE IN COMMON?

Both don’t want any more kids. – Lori, age 8
WHAT DO MOST PEOPLE DO ON A DATE?

Dates are for having fun, and people should use them to get to know each other. Even boys have something to say if you listen long enough. – Lynette, age 8 (isn’t she a treasure)

On the first date, they just tell each other lies and that usually gets them interested enough to go for a second date. – Martin, age 10

WHEN IS IT OKAY TO KISS SOMEONE?

When they’re rich. – Pam, age 7

The law says you have to be eighteen, so I wouldn’t want to mess with that. – Curt, age 7

The rule goes like this: If you kiss someone, then you should marry them and have kids with them. It’s the right thing to do. – Howard, age 8

IS IT BETTER TO BE SINGLE OR MARRIED?

It’s better for girls to be single but not for boys. Boys need someone to clean up after them. – Anita, age 9 (bless you child)

HOW WOULD THE WORLD BE DIFFERENT IF PEOPLE DIDN’T GET MARRIED?

There sure would be a lot of kids to explain, wouldn’t there? – Kelvin, age 8

And the #1 Favorite is …..

HOW WOULD YOU MAKE A MARRIAGE WORK?

Tell your wife that she looks pretty, even if she looks like a dump truck … - Ricky, age 10
Bad Example
Kyle T. & Mitzela Craig
Article taken from the April 2014 Region N Newsletter

We've all heard the saying or phase "It's all fun and games until someone gets hurt." This expression couldn't be truer, especially in the motorcycling community. Most of the motorcycling community regards personal protective equipment (PPE) as a matter of their personal choices. Many go to great expense in purchasing their PPE. But, as always, there is the other five percent. These riders are very easy to identify because they may have on a helmet of some sorts (which may or may not be DOT APPROVED). As far as the upper body goes, they may be wearing a T-Shirt, a tank top (his or hers), a bra, a bikini top or nothing at all (guys). Now as far as the pants go, I've seen shorts, cutoff jeans, bikini bottoms, and a piece of string. When it comes to the proper footwear, there is a favorite: the flip flops (shower shoes). And the best one yet, bare feet! Yes, you know what I mean and what I've seen. For now it's just too COLD for that foolishness. Almost anytime down here in the south, from the east coast to the west coast of the southern United States, you can find people riding motorcycles with this type of PPE.

Those that have taken a trike ride course with me have heard me say this before every exercise "GEAR ON, GET ON!" In the simplest of words, put it on or pay the doctor and hospital bills. As we say in Rider Education, ALWAYS protect any parts of your body that you would like to use later on in your life.

"One Team, One Unit!"
Kyle T. & Mitzela Craig, Region N Educators
In GOD We Still Trust...Here in America!
The front line of safety begins with you, the motorcyclist . . .
“Safety Is For Life!” ♠

For the Lexophile
From the April 2014 Port Warwick News

When fish are in school, they sometimes take debate.

A will is a dead giveaway.

He had a photographic memory which he never developed.
"Rescue Plus: Not Without Making it Better."
Abel Gallardo President President@gwrra.org
Article taken from the GWRRA National Website, May 2014

Over the 16 years that I’ve had the privilege to serve the membership of GWRRA, I have always been amazed how hard this organization works to take care of each and every one of its Members. Very few groups of this nature provide their membership with as much as GWRRA does and that continues to be a great sense of pride for all of us. So much so that we spend countless hours looking for the next great product or service that we can proudly bring into the GWRRA package of Member benefits.

One that we take pride in is our roadside assistance program, better known as Rescue and Rescue Plus. As you know, Rescue is included with your membership and provides roadside assistance to your motorcycles. Rescue Plus is an add-on benefit, which works on not only your motorcycles, but also your non-commercial vehicles.

For the last 10-plus years, our Rescue Plus program has been offered at a rate of $25 per year — a price that is almost 75 percent less than its nearest competitor. Through the increases in fuel costs, insurance costs and typical inflation price increases, we worked hard to keep it fixed in order to keep offering an amazing program at an even more amazing rate.

Unfortunately, we have found ourselves in a position where we can no longer offer such an outstanding benefit at its current price. Beginning April 1, 2014, the price of our Rescue Plus program will increase to $35 per year after almost 10 years at its previous rate. But at this price, we are still more than 70 percent below our fellow competitors offering a similar (and often inferior) product. As much as we disliked increasing our rates, we refused to do so without adding additional benefits to this already great program.

Our program will now also include two new benefits to enhance your Rescue Plus, the first being MedeFile, a digitally secure way to keep your medical records. Having your medical records handy could be crucial in an emergency situation, particularly if you’re out on the road. The second is a prescription discount card that you can use at thousands of pharmacies to reduce the cost of your prescriptions. Alternatively, you can also use the discounts for mail-order prescriptions.

I hope that you will give this great program a try. It brings us great joy and peace of mind to know that our membership is taken care of no matter where they are or whether they are on two, three or four wheels. For more information, please contact our Member Services department at 800–843–9460.

From the Training Side of Things
Ken Taylor District Trainer
Article taken from the January 2014 Virginia District Newsletter

Greetings to the family members of the Virginia District. It is hard to believe we have completed another year. Dianne and I hope everyone had a great holiday season and you are looking forward to another great year...

The Virginia District, and when I say Virginia District, I mean you, the District family members, have a lot to be proud of. I am sure you are wondering why. In April of 2013, Virginia conducted their first Horizon training in more than 5 years. I was in seventh heaven when we had 15 members sign up, but we exceeded my goal and had 25 members participate. Not only did they participate, they had a great time. Just last month, Virginia completed our first University Training Development Program (UTDP) with 9 participants taking part in the new training. As a side note you have six months from the class date to complete the evaluation process. With all the training we have accomplished this past year, Virginia is making strong headway in returning to where we were just a couple years ago.

Over the last 30 days, there have been a few changes to Leadership Training Program within the Region and GWRRA. First, I want to thank Pam and Tommy Meador for everything thing they have done over the last few years. With their guidance and help we have been able to make a lot of progress towards energizing our District Program. As they step down as the Region Trainers, please help me in congratulating Jim and Beverly Rambo in their new appointment as the Region N Trainers. Jim and Beverly bring us their extensive expertise from the mighty fine District of Tennessee. When you see them at one of our events, please extend them a warm welcome. They will continue to help us lay the groundwork we need to succeed in Virginia. Welcome Jim and Beverly.

The GWRRA University concept came into being the last quarter of 2012. As the new program developed, GWRRA has brought about some improvements to the program. Many of the seminars that fell under the Leadership Training Program pertained to the general membership and the different things that helped attract and keep our members. After an extensive review GWRRA has determined 7 seminars will be transferred from LTP to MEP. The latest information I have received from Region, if you want to present Membership Enhancement seminars, you must be certified as a Membership Enhancement UT. So Trainers, please make sure you are certified to present the material and have the most up to date material. Listed below are the seminars moving to the MEP side of the University:
Helpful Information for New Members

How Can I Participate in GWRRA

Member Benefits Overview

Structure of GWRRA

How to Have Fun at a Rally

GWRRA History

Newsletters

Since serving as your District Trainer for the last year, I have had the pleasure to work with numerous chapters on setting up fun days or fun weekends. A CD would contact me and present a set of dates for proposed training. For example, on Saturday, we conduct a Medic First Aid training event followed by training conducted on Sunday in any of the three areas of LTP, REP or MEP. It is a blast, just ask your fellow members and you will be amazed at what can be learned. Chapter Directors, the ball is in your court, so let’s make this happen. By the way, think of the points you can earn towards Chapter of the Year.

As we roll into Wingless Weekend, we have several seminars set to be presented on Sat. All I do is ask you attend and support the training. Wingless will be held at a new venue this year and promises to be an awesome event. I know you are rolling your eyes. Folks, you are the ones that make it an awesome.

The last thing I would like to mention is the scheduling of the Virginia Officer Certification Program. Virginia is proud to have a lot of new officers, at the District and Chapter level. While not required, the OCP training is highly recommended for all new officers. The training offered will benefit you in your daily endeavors while giving you the skills you will need to be a successful. Training date to be released at the District Staff meeting.

Take care and if you get the change to ride, ride safe. See you on the highways and byways of scenic Virginia.
